

## FOR IMMEDIATE RELEASE

**Effective August 15, 2009 Partners in Care Multipurpose Senior Services Program (MSSP) moved its offices to St. Barnabas Senior Services, 675 S. Carondelet Street, Los Angeles, CA 90057 Office Hours: 8 a.m. – 5 p.m. Monday – Friday**

Partners' MSSP program provides case management services and arranges in-home services to assist clients with daily living needs and teach them how to lead healthier and more active lives using powerful approaches to prevent decline, avoid unnecessary hospitalizations or nursing home placement and improve overall health.

The program serves medically isolated, frail and underinsured individuals who are at-risk of family breakdown, premature institutionalization or loss of independence. Our program targets adults 65 years of age or older in Southern California, including low-income, diverse urban areas, as well as isolated and rural segments of Los Angeles County.

Partners in Care and St. Barnabas Senior Services are nonprofit organizations serving the needs of seniors in the Los Angeles area. Partners move to St. Barnabas is consistent with our desire to occupy nonprofit building space to lower our overhead and create greater efficiencies for both agencies.

For more information about the program, please call: **213.738-8320**  
**Program Director: Aloyce Rachal**

### About Partners in Care

Partners in Care (Partners) is a non-profit organization whose mission is to serve as a catalyst for shaping a new vision of health care by partnering with organizations, families and community leaders in the work of changing health care systems, changing communities and changing lives. We work to develop more effective, more efficient approaches to improve quality of life for diverse individuals and communities, targeting the most at-risk.

### About St. Barnabas Senior Services

For over 100 years, St. Barnabas has served people living in the urban center of Los Angeles. We are an independent, nonsectarian, non-profit public corporation and the oldest senior services agency in Los Angeles. Our mission is to enable senior citizens to live independently and with dignity for as long as possible. We do that by providing comprehensive social services and by promoting a viable community life where seniors have routine social contact with others. We believe our services help form the foundation for good mental and physical health, which in turn empowers seniors to make their own decisions.
