

# We can help!

Are you or somebody you love  
at risk of going to a skilled nursing facility?  
Do you want to remain at home?

The HCBA (Home and Community-Based Alternatives) Waiver Program can help you or a loved-one avoid a nursing home or institutional placement. HCBA provides the necessary high-level of care which allows you or your loved-one to live at home or in the community. The only thing necessary is to be a Medi-Cal beneficiary!

We serve all ages of the medically vulnerable population from infancy to geriatric.

*We serve the greater Los Angeles area as defined by zip code.*

*For more information about the program or if you do not have Medi-Cal, please contact the Partners HCBA Hotline at:*
